OUR SERVICE

The department's operational capabilities and objectives are organized into the following specialized focus areas:

1. CODO Agency

The creative and technical implementation wing, providing high-impact digital solutions for startups and enterprises.

Design & Branding

- UI/UX Design (Interfaces & Experience)
- Brand Identity Kits & Logo Design
- Marketing Collateral & Brochure Design

Growth & Digital Marketing

- Data-Driven Performance Marketing
- Social Media & Brand Strategy

Engineering & AI Solutions

- Custom Website & Web Application Development
- Mobile Application Development (iOS & Android)
- Enterprise Software Development
- Next-Gen AI-Powered Solutions & Automation.

2. CODO Academy

The educational and training powerhouse of CODO, focused on closing the gap between academic learning and industry realities.

Flagship Training Programs

- **3-Month Web Design & Development (With Coding):** Deep-dive full-stack engineering, core programming concepts, and production-ready implementation.
- **30-Day Web Design & Development (Without Coding):** High-velocity training focused on modern no-code platforms, rapid deployment, and visual development.
- **AI-Driven Cohorts & Masterclasses:** Specialized courses and interactive webinars focusing on AI tools, workflow automation, and integrating AI into modern development pipelines.

Professional Development

- **3-Month Professional Internship Program:** Hands-on, real-world agency experience working on live client projects, mentorship under senior developers, and industry workflow exposure.
- **Core Vision:** Transforming students and aspiring developers into highly capable, industry-ready professionals through practical, project-based learning.
- **AI-Driven Cohorts & Masterclasses:** Specialized courses and interactive webinars focusing on AI tools, workflow automation, and integrating AI into modern development pipelines.
